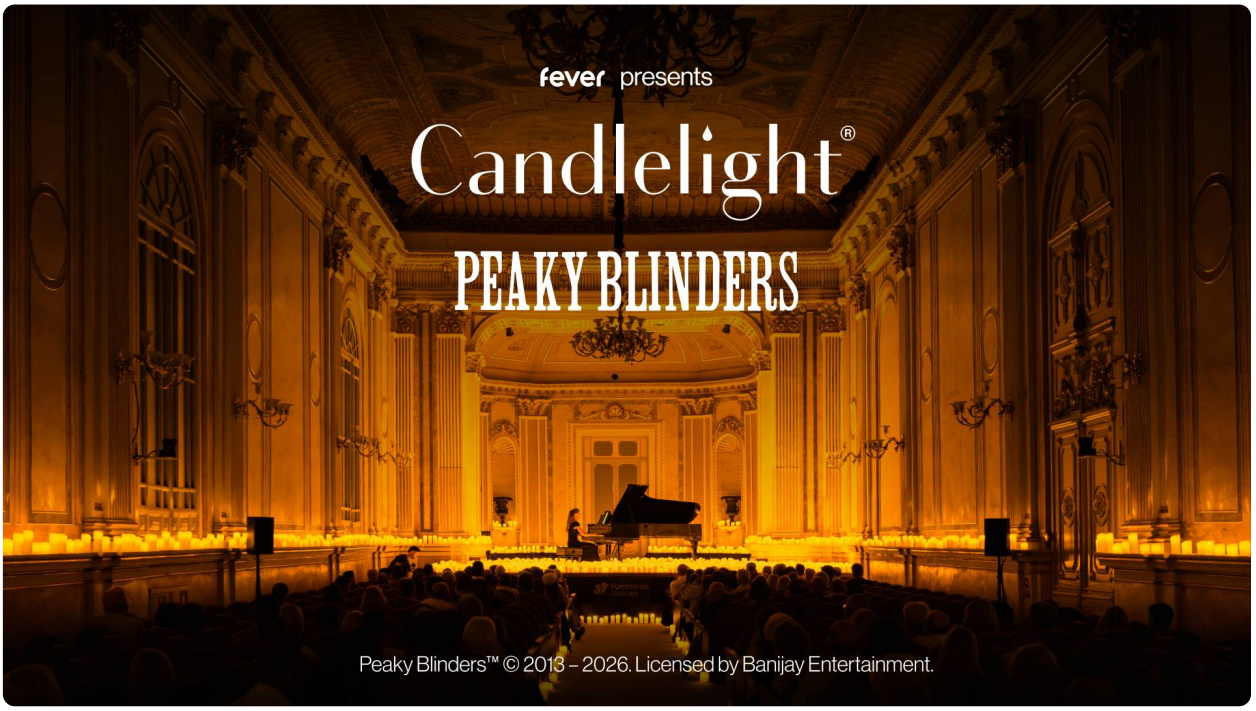
# Canada to host Candlelight®: Peaky Blinders, a live music experience celebrating the award-winning drama series

## The international concert series presented by Fever, in partnership with Banijay Rights, will celebrate the legacy of Peaky Blinders, bringing its iconic music to Vancouver and Calgary



**Canada, october 2026** — Fever and Banijay Rights, the global distribution arm of media and entertainment group Banijay Entertainment, have partnered to present **Candlelight®: Peaky Blinders** in selected cities around the world, including **Calgary and Vancouver.** The experience will take place at **Kerrisdale Presbyterian Church and Grace Presbyterian Church**, inviting audiences to celebrate the legacy of the award-winning drama series through a selection of its most memorable music, reimagined in a classical format and performed by a talented local string quartet.

The series is renowned for its distinctive contemporary soundtrack, which has become an essential part of its atmospheric and cinematic identity. From Nick Cave & The Bad

Seeds' "Red Right Hand", the show's recognisable opening theme, to tracks by artists including Radiohead, David Bowie and Arctic Monkeys, the music of Peaky Blinders has helped define the world of the Shelby family. The series was also awarded the BAFTA for Drama Series in 2018.

"Candlelight's mission is to bring classical music closer to a wider audience, including people who may never have attended a concert before. Together with Banijay Rights, we're reimagining Peaky Blinders' iconic soundtrack for Candlelight's intimate concert setting, creating a special connection between audiences and the stories they love" – Kimberly Schmidt, Global IP Senior Team Lead at Fever.

Leila Loumi, Global SVP Licensing at Banijay Rights commented: "Expertly curated musical moments have shaped the world of Peaky Blinders on-screen and our partnership with Fever brings that unmistakable soundtrack centre stage, inviting fans to immerse themselves in the world of the series and celebrate the music at its heart in a whole new way."

With a mission to democratise access to culture and entertainment in real life, Fever inspires users to enjoy unique experiences and events —from immersive exhibitions and sports to interactive theatrical performances, concerts, and festivals— while empowering its partners with data and technology to develop and expand new experiences worldwide.

**About Peaky Blinders**

Peaky Blinders is an award-winning British epic crime TV series created by Steven Knight (House of Guinness, SAS Rogue Heroes, Taboo). Set in Birmingham, the series follows the exploits of the Peaky Blinders crime gang in the direct aftermath of the First World War.

In the years since the original series launched on BBC Two in 2013, Peaky Blinders has become a phenomenon, winning fans across the world and countless awards.

The world of Peaky Blinders has also inspired a range of live events and experiences, giving fans the opportunity to step beyond the screen and into the world created by Steven Knight. Peaky Blinders Underworld continues that story, bringing the notorious world of Thomas Shelby and the Peaky Blinders to London Bridge for the first time.

The drama was produced by Caryn Mandabach Productions and Tiger Aspect Productions for the BBC with Banijay Rights handling international distribution, selling the show to over 190 countries and is widely available internationally on Netflix. Two new six-episode seasons of Peaky Blinders, produced by Kudos and Garrison Drama for the BBC in the UK and Netflix globally, are expected in 2027 and 2028.

**About Banijay Rights**

Leading global distributor, Banijay Rights, represents a world-class, multi-genre portfolio of more than 265,000 hours of standout programming. Handling the distribution for media
