Delivering the Future: Inside Wolt's Journey with Robots and Drones - A fire side chat with Niilo Säämänen

During this year's Iceland Innovation Week Wolt invites you to an engaging fireside chat with our Global Chief Technology Officer, Niilo Säämänen, exploring the future of autonomous deliveries. From self-driving robots to drone-powered logistics, Wolt is actively shaping how goods move through cities faster, safer, and more efficiently. In this session, Niilo will share insights into Wolt's journey at the forefront of last-mile innovation—what's working today, what challenges remain, and how emerging technologies like autonomy and aerial delivery are redefining urban commerce. Expect a candid conversation on scaling real-world deployments, navigating regulation, and what it takes to bring cutting-edge tech from pilot to everyday use. Whether you're a technologist, founder, policymaker, or simply curious

about the future of delivery, this is a unique opportunity to hear directly from one of the leaders driving it forward.

About Wolt

Höfuðstöðvar tæknifyrirtækisins Wolt eru í Helsinki og gerir fyrirtækið viðskiptavinum sínum auðvelt að uppgötva bestu veitingastaðina, verslanir í nærumhverfinu og matvöru sem hægt er að panta og fá senda með hraði til einstaklinga og fyrirtækja. Til að gera þetta mögulegt hefur Wolt þróað tæknilegar lausnir fyrir allt frá flæðistjórnun, verslunarhugbúnað og greiðslulausnum til reksturs matvöruverslana eins og Wolt Market. Wolt var stofnað 2014 og keypt af DoorDash 2022. DoorDash rekur starfsemi í 31 landi og er Wolt með starfsemi í 27 af þeim löndum. Wolt hóf starfsemi á Íslandi í maí 2023
