The hotel

The [NH Collection Santiago de Compostela](#) is a five-star hotel located in one of the city's most peaceful areas, conceived as a true retreat surrounded by a lush park and set next to a lake. Just minutes from the old town, declared a UNESCO World Heritage Site, and the impressive cathedral, it offers the perfect balance between nature, serenity, and cultural richness.

Designed by Aranguren & Gallegos Arquitectos, the hotel stands out for its bright architecture and spacious open areas. The lobby, defined by large windows, extends into common areas flooded with natural light, creating an elegant and relaxed atmosphere. Outside, the terrace and gardens invite guests to enjoy the surroundings and embrace Santiago's slower pace.

Services and facilities

The hotel features 150 spacious and light-filled rooms, recently renovated, where the warmth of wooden floors blends with a palette of whites, browns, and deep greens that evoke the Galician landscape. Each room has been conceived as a haven of calm, with open views embracing both the gardens and the historic charm of the old town.

In the Premium rooms, large windows become true privileged viewpoints from which to admire one of the city's most iconic sights: the majestic Santiago Cathedral, rising on the horizon as an enduring symbol of the destination. Meanwhile, the Suites elevate the experience with greater space and privacy, incorporating an elegant separate living room, perfect for unwinding or extending the stay in comfort. In addition, the hotel offers connecting rooms, ideal for those traveling with family or in groups, without compromising on space and privacy.

At NH Collection Santiago de Compostela, wellbeing is an attitude that can be felt in every corner. Guests can indulge in the pleasure of doing nothing by either of the two crystal-clear swimming pools, one of them outdoors and perfect for the warmer months, maintain their routine at the 24-hour gym, or enjoy a full selection of massages and beauty treatments designed to reconnect body and mind. A place where the pace slows down and every moment invites you to enjoy a truly restorative experience, unhurried and at ease.

Gastronomic offer

With the aim of elevating every stay into a memorable culinary experience, the hotel has crafted a carefully curated gastronomic offering, designed to delight from the very start of the day. Mornings begin with a breakfast buffet that invites guests to enjoy it at a relaxed pace: a generous selection of fresh juices, seasonal fruit, freshly baked pastries, cold cuts, cheeses, and artisanal breads, thoughtfully arranged to balance indulgence and wellbeing. At the Fresh Corner, guests can embrace their healthier side by creating their own vitamin-packed combinations, from freshly squeezed juices to smoothies or milk-based shakes. For those starting their day early, the hotel also offers the option to request an early breakfast at reception, tailored to every travel schedule.

The Abeiro restaurant stands as the hotel's gastronomic heart and a destination in its own right. Under the direction of chef Nacho Martínez, it offers a journey through the essence of Galician cuisine reinterpreted with a contemporary approach. Its space, with high ceilings, elegant lines, and large windows opening onto the garden, creates a serene and welcoming atmosphere that accompanies every moment of the day, from breakfast through to dinner.

The menu seamlessly blends international flavors with local tradition, resulting in dishes that celebrate Galician produce with sensitivity and technique. Highlights include scallops served with pumpkin cake, spinach, and garlic cream, or steamed line-caught hake with crushed potatoes and green asparagus, all complemented by a carefully selected wine list. Together with attentive and personable service, Abeiro becomes one of the great pleasures of the stay: a place to savor the destination with calm and authenticity.
