Pool Villa Living at Anantara Mina Ras Al Khaimah Resort

Mangrove Lagoon

Mangrove Lagoon

## Discover Serenity

Nestled on a private peninsula amidst a mangrove reserve and the Arabian Gulf, Anantara Mina Ras Al Khaimah invites you to escape the everyday and into the embrace of nature. Experience this retreat in one of our exquisite villas, each offering a sanctuary of unparalleled luxury and breathtaking views.

# Discover Luxury

Inspired by the world's most luxurious lifestyle – that of the Maldives – our villas, including Ras Al Khaimah's first overwater villas, are distinctive in design: on the outside, traditional thatched roofs peaked like a dhoni or dhow, and inside, the bright and contemporary enriched with fine Arabesque detailing.

Peninsula Sea View Pool Villa

## Discover Exclusivity

Our villa guests enjoy luxury, privacy, and the full Anantara lifestyle with complimentary experiences including a blissful massage or barbecue with a personal chef. A Villa Host is on hand to see to every detail and comfort, from drawing a bath with a view beyond compare, to serving cocktails to your poolside. Villa guests also benefit from exclusive access to a private beach, where a cabana with towels and refreshments awaits, reserved in your name.

# Peninsula Sea View Pool Villa

The peninsula villas offer unrivalled views of the ocean. Wake with the sunrise, then step out onto your deck to watch the sky come alive. Sunny days are spent lounging in your pool or soaking in your tub with panoramic views, keeping an eye out for the occasional dhow on the horizon.
