Fully refurbished in 2026, Tivoli President Milano redefines urban luxury in Italy's fashion capital, offering an elevated hospitality experience where timeless elegance meets contemporary design. Ideally located in the vibrant heart of Milan, the hotel sits just a 10-minute walk from the Duomo, Galleria Vittorio Emanuele II and Teatro alla Scala. Nestled between Via Montenapoleone and the prestigious Quadrilatero della Moda, and overlooking Via Durini—Milan's iconic design district—it places guests at the crossroads of fashion, culture and creativity.

The property is a reimagined 1960s landmark and a distinctive example of Milanese Brutalist architecture, originally designed by renowned architects Figini and Pollini. Today, the building has been entirely transformed under the direction of acclaimed interior designer Rodrigo Izquierdo, who has infused the spaces with a refined contemporary vision. Clean lines, curated details, soft tones and premium materials reflect Milan's signature blend of heritage and innovation.

The hotel features 239 rooms, including 60 luminous suites and junior suites, many with private balconies overlooking the dynamic cityscape. Spacious layouts and elegant interiors create a distinctive sense of place, combining comfort and style. Select accommodations (including the Duomo Suites and the Presidential Suite) offer breathtaking views of the Duomo. The Presidential Suite extends across 150 sqm and includes a private rooftop terrace, providing an exceptional setting for exclusive events and special occasions. Overlooking Largo Augusto, guests can wake up to views of the historic Colonna del Verziere, a landmark that recalls the square's origins as Milan's historic fruit and vegetable market.

The culinary offering reflects the richness of Italian lifestyle and international flair. Guests can start the day with an elegant international breakfast featuring Italian espresso, specialty coffees, fine teas and a wide selection of sweet and savory options, served in a refined setting that also lends itself to private events. Dining experiences will soon be elevated with the opening of a new signature restaurant by celebrated chef Natale Giunta, offering views over the Duomo. A prominent name in Italian gastronomy and television personality, Giunta brings his acclaimed concept CitySea—reimagined as City Milano—to the city. Inspired by Sicilian tradition, the menu will feature premium meats, the finest seafood and sophisticated sushi creations, complemented by an extensive wine list and curated beverages.

In the meantime, the Lobby Bar & Bistrot offers a relaxed yet sophisticated atmosphere with international cuisine, Italian-inspired dishes and all-day dining options. The bar presents a refined selection of Italian coffee, signature cocktails, prestigious wines and light bites, ideal for both informal meetings and after-work moments.

Wellbeing is at the core of the Tivoli experience. Guests can stay active in the fully equipped Technogym fitness center, already open, or unwind at the Tivoli Wellness Club (opening soon). This exclusive sanctuary will feature a dedicated longevity and recovery area with advanced treatments including Zerobody dry flotation and cryotherapy by Starpool, as well as molecular hydrogen therapy. The experience will be complemented by a wet area and a treatment room designed for deep relaxation and regeneration. Surrounded by the creative energy of Milan, the hotel offers direct access to the nearby Durini Design District, home to leading showrooms, galleries and cultural landmarks. A serene refuge in the heart of the city, Tivoli President Milano celebrates the finest Italian lifestyle through sophisticated gastronomy, curated experiences and signature hospitality.
