

XPENG X9

Ultra Smart Large Seven-seater

Feature Highlights

- Advanced XNGP ADAS:** XPENG’s full-scenario XNGP ADAS provides seamless navigation in diverse driving environments, enhancing both confidence and convenience for drivers through advanced urban autonomous driving capabilities in the Max version.
- Smart AI-Driven Cabin:** Featuring a suite of intelligent in-car functionalities powered by AI large models, the cabin is designed to offer a seamless, connected, and personalized journey, including the new Turing AI driving system and Dimensity AIOS 5.6.0/5.6.5 system.
- Luxurious and Versatile Interior:** Designed with family and individual travel in mind, the interior offers opulence and space, now enhanced with the innovative aisle version zero-gravity space sofa, upgraded entertainment systems, and additional child seat interfaces for all-row safety and comfort.
- Unmatched Comfort and Handling:** The combination of an active rear-wheel steering system, AI Magic Carpet Chassis with 6D comfort anti-motion sickness algorithm, and the intelligent dual-chamber air suspension system provides superior ride comfort and precision handling in all driving conditions.
- Reliable Power and Safety:** The 800V SiC platform offers enhanced power efficiency, while the groundbreaking front- and rear-integrated aluminum die-casting body structure boosts structural safety, offering peace of mind with the highest safety ratings including C-NCAP and IIHS.

Feature Description

Feature	Electric Performance	Intelligent Technology	Comfort & Roominess	Convenience and Safety
Details	<ul style="list-style-type: none">Rapid Charging: Recharge the battery by 400 km in just 10 minutes, cutting down wait times and ensuring you're back on the road quickly with the new 5C Supercharging AI Battery.	<ul style="list-style-type: none">Versatile and Intelligent ADAS: XPENG's XNGP ADAS navigates multiple driving scenarios with ease, offering seamless assistance even without HD map coverage, ensuring safer and more confident driving.	<ul style="list-style-type: none">Spacious Interior and Expandable Storage: Enjoy a class-leading in-car floor space of 7.7m², with third-row seats that can be electronically folded with a single click, expanding the boot space to 2,554L to accommodate up to 29 20" suitcases.	<ul style="list-style-type: none">Expansive Storage with One Click: Effortlessly fold the third-row seats with a single click to expand the boot space to an impressive 2,554L, providing ample room for family trips or cargo.
	<ul style="list-style-type: none">Impressive Top Speed and Performance: Experience exceptional power with 370 kW and peak torque of 640 N·m, achieving 0-100 km/h in just 5.7 seconds and reaching top speeds of up to 200 km/h for an exhilarating drive.	<ul style="list-style-type: none">Smart and Intuitive In-Car Features: Access a suite of smart in-car functionalities, including multi-tasking on a single screen, customizable XDock, real-time Surrounding Reality (SR) display, all-around safety warnings, and an AI-powered smart voice assistant.	<ul style="list-style-type: none">Luxurious and Comfortable Amenities: Indulge in a hot and cold smart refrigerator, a 21.4" family infotainment system display, and zero-gravity reclining sofas, all designed for a premium, comfortable experience.	<ul style="list-style-type: none">Advanced Aluminum Die-Casting Body Structure: XPENG features the industry's first front- and rear-integrated aluminum die-casting body structure, providing a torsional rigidity of 46,000 N·m/deg for a stable and smooth ride.
		<ul style="list-style-type: none">Exceptional Maneuverability: Enjoy precise handling with the active rear-wheel steering system and intelligent dual-chamber air suspension, achieving a class-leading turning radius of just 5.4m for easier navigation in tight spaces.	<ul style="list-style-type: none">Innovative Temperature Control: Experience superior comfort with the world's first wrap-around integrated central AC, maintaining an optimal cabin temperature for all passengers.	<ul style="list-style-type: none">Superior Safety Standards: Benefit from a 2,000 MPa safety cage and 19 ring-shaped safety designs, ensuring top-tier safety standards that meet stringent safety regulations in China, the US, and Europe.
