

## **PRISMA STUDIO+ 2024 - COPY**

### Overview

Create your own frame design that expresses your personality using Factor's PRISMA STUDIO+. Our rich color palette and advanced painting capabilities mean there are endless color combo possibilities. Not even the pros have this level of control over what their bikes will look like. Factor uses super high-quality paints in both matte and shiny finishes that offer a lush color depth.

### **Text:**

PRISMA STUDIO is Factor's cutting-edge in-house custom paint facility. It gives you the chance to fashion your frame to be a true expression of your personality.

Our best-in-class production facilities can produce gradient paint fades using our high-quality paint options and wide range of different color decals that result in an almost limitless number of color combinations.

The PRISMA STUDIO+ option available for the OSTRO VAM even allows you to custom match your Black Inc components and wheels to your frame.
