23 July 2026: Yoto, makers of the award-winning screen-free audio players for kids and families, has today launched PAW Patrol™: Let's Dino Do This!, an exclusive Yoto card launching ahead of PAW Patrol: The Dino Movie™, produced by Spin Master Entertainment in association with Nickelodeon Movies and distributed by Paramount Pictures, premiering in cinemas next month.

Set on Dino Island, the new card brings Rex, a dino-expert pup, and his dinosaur companion Timmy the T-Rex together with the beloved original PAW Patrol crew for an original audio adventure, where dinosaurs of all shapes and sizes are waiting to be discovered.

Produced and written by the Yoto Studios team, the card tells its own original story within the world of the upcoming film, complete with single-voice narration featuring Barrett Leddy, original music and sound effects.

Jess Tarrant, Content Director at Yoto, said: "PAW Patrol is one of those rare franchises that children return to again and again, and with eight titles already in our Yoto library, our partnership with Paramount goes from strength to strength. For little ones who can't wait for PAW Patrol: The Dino Movie to hit cinemas in August, this card – written and produced by our talented Yoto Studios team – is their very own ticket to Dino Island ahead of the big screen moment."

The Yoto card edition of PAW Patrol: Let's Dino Do This! is designed for children aged three to six, and launches today (23 July, 2026). It is available at yotoplay.com priced at \$14.99, with a run time of 45 minutes. The card is compatible with both the [Yoto Player](#) and the [Yoto Mini](#), as well as the free [Yoto App](#).
