1 July, 2026: Yoto, makers of the award-winning screen-free audio players for kids and families, has today launched Disney's Agent Stitch, You Are the Hero! an interactive Yoto card where kids investigate a top-secret case alongside the Stitch story, weigh up the clues, and pick what happens next at the end of each chapter.

Designed for kids aged 5-10, it's a choose-your-own-adventure audio mission, adapted for Yoto by acclaimed children's author Sharna Jackson and based on the Disney book Agent

Stitch: A Flood of Foes.

The card is narrated by voice actor Joe Hernandez and made in-house by Yoto Studios in partnership with Studio Heft, a creative collective that turns stories into immersive worlds. Created in close collaboration with Disney, the card stays true to the spirit of Stitch at every turn, with bespoke music and sound design. Specially created icons bring the story to life on the Yoto Player pixel display, from clues and close calls to mischief and mayhem.

Agent Stitch, You are the Hero! marks the latest chapter in Yoto's collaboration with Disney, which includes short story collections in English, French and Spanish, the family-favourite Ultimate Disney Quiz, and now Yoto's most ambitious format yet: an interactive story. It's also Yoto's second Stitch card, following Lilo & Stitch 5-Minute Stories, a top 10 Disney bestseller on Yoto in 2025.

Jess Tarrant, Content Director, Yoto, commented: "Collaborating with Disney to bring Stitch to Yoto in a new format for families is something we're incredibly proud of. Stitch is one of the world's most beloved characters, and together we've created an exciting audio adventure: kids make real choices that shape the story, keeping them actively engaged and thinking at every turn. With multiple endings to explore, there's always something new to discover - making it just as fun for siblings and friends as it is for the whole family to listen to together."

The Yoto card edition of Agent Stitch: You Are the Hero! launches 26 June and is available at yotoplay.com priced at \$24.99 each, with a run time of approximately 90 minutes. The card is compatible with both the [Yoto Player](#) and the [Yoto Mini](#), as well as the free [Yoto App](#). It can be purchased from: [Yoto AU](#)

[Yoto Player](#) is priced at \$179.99

[Yoto Mini](#) is priced at \$129.99
