TORONTO, ON (March 6, 2026) – Yoto, the award-winning audio players for kids and families, today announced the launch of the chart-topping *The Art of Loving* as a Yoto card, bringing Olivia Dean's multi-award-winning album to little listeners for the first time.

The Art of Loving is a collection of heartfelt songs about love and self-reflection, featuring standout tracks including "Nice To Each Other" and the global hit "Man I Need." The release

comes hot on the heels of Dean's GRAMMY™ Award for Best New Artist in January and her clean sweep of BRIT™ Awards, including wins for Artist of the Year, Album of the Year and Best Pop Act.

This is the latest launch to come out of Yoto's ongoing partnership with Universal Music Group (UMG), which sees albums from globally celebrated artists reimagined for family listening through Yoto's audio players and platform, which have been designed specifically for children from the ground-up. With previous releases including Elton John's Diamonds, ABBA Gold and the Spice Girls' Greatest Hits, Yoto and UMG first joined forces in 2023 to help Gen Alpha fall in love with great music, creating shared listening moments across generations.

Dom Hodge, Head of Yoto Studios, commented: "For all of us at Yoto there's nothing more exciting than giving families access to the world's best audio. Welcoming the groundbreaking Olivia Dean into our library is something we're incredibly proud of, and we hope that it inspires more shared listening and special family moments, while introducing a world-class artist to a whole new generation of listeners."
