LONDON, 8th November 2024 - Yoto, the audio platform for kids behind the critically acclaimed and award-winning screen-free Yoto Player and Yoto Mini, is today releasing a new version of Elton John's iconic Diamonds album as their first-ever Collector's Edition Yoto

card series. Originally released in 2017, fans can now get their hands on a new 15-track version of the Ultimate Greatest Hits album, the perfect introduction to his best-loved tracks for young listeners aged three and up.

Alongside a version of the Yoto card that will be on general sale via the Yotoplay.com website, there will also be four limited edition card designs, each celebrating one of Elton's most iconic outfits, with only 1,000 copies of each available - a must-have for any Elton collectors.

This exciting collaboration marks a new chapter in Yoto's relationship with Universal Music Group, the global leader in music-based entertainment. The 15 tracks selected for the Yoto Editions span a career of over 50 years, featuring all of his landmark hits, including 'Your Song,' 'Rocket Man,' 'I'm Still Standing,' 'Cold Heart' with Dua Lipa and many more, providing the perfect showcase of the evolution and artistry of a music legend for a new generation of fans.

But that's not all: Yoto also asked their hundreds of thousands of young listeners around the world to send in their questions for Elton. To celebrate the launch today fans, new and old, can press the right-hand button on their Yoto Players to hear the music legend himself answer his favourites on the hugely popular Yoto Daily podcast. The Q&A will also be available on demand on the free [Yoto app](#) in the 'Discover' section and on the [Yoto Space](#) website.

Yoto CEO and Co-Founder, Ben Drury, says: "This launch is not only a way for parents to introduce their children to the iconic sounds of Elton John, it also lets families share the timeless magic of classic pop music in a way that's engaging and screen-free. At Yoto, we believe that music is a universal language that can inspire creativity and spark a love for the arts in children, and what better way to do that than through the timeless melodies and powerful storytelling of the Rocket Man himself? This album gives families an opportunity to bond over shared musical moments that can last a lifetime, and releasing four special Collector's Edition cards for the first time also allows grown-up Elton fans the chance to add a whole new format to their music collection."

“For many adults, Elton John has been the soundtrack to countless significant moments in their lives and now increasingly in their children’s lives as well. From being responsible for some of the most epic film moments to appearing live from Dodger Stadium in Roblox, Elton’s timeless appeal resonates across generations, and so it was important for us to bring his “Diamonds” collection to Yoto, ensuring that we honoured Elton’s unrelenting ingenuity and style with a dynamic and groundbreaking release,” said Sarah Boorman, General Manager, Youth Strategies, Universal Music, UK. “The four uniquely numbered hologram Collector’s Editions are stunning and will undoubtedly become treasured by the lucky children who receive them; it’s quite a way to own your first Elton John album!”
