

## Gretsch unveils new Players Edition Jet DS and versatile Streamliner Junior Jet Club

SCOTTSDALE, Ariz. (Sept. 2, 2020) – Gretsch® today announces the all-new **G6128T PLAYERS EDITION JET™ DS WITH BIGSBY®** and all-new **G2215-P90 STREAMLINER™ JUNIOR JET™ CLUB**.

For over 65 years the Gretsch Jet™ has fueled stages and studios producing some of the greatest sounds in rock 'n' roll history. The **G6128T PLAYERS EDITION JET™ DS WITH BIGSBY®** is the culmination of over half a century of tonal and performance magic.

The **G6128T JET DS** begins with a select mahogany body with maple top that produces the signature strong, punchy response that has made the Jet famous. For this model, Gretsch chose a 1.85" depth along with vintage chambering to deliver a tighter, more controlled attack that still retains incredible articulation. DynaSonic™ bridge and neck pickups complement the chambered body to produce amplified bright, shimmering highs and a defined, rich bass for distinct tone that cuts through the mix.

Responding to player needs for increased comfort, the G6128T features a lowered neck set that greatly improves fret-hand mobility while also giving the picking hand a closer approach, increasing comfort and accuracy. The new full-access rolled cutaway and tapered heel allows the free access to upper frets without awkward pivoting or palm obstruction. This sleek design remains hidden, preserving a vintage aesthetic – a critical feature that is meant to be felt, not seen.

The **G6128T** also comes equipped with additional Players Edition features that give total control of tone and performance, including no-load master tone pot with Squeezebox™ paper-in-oil capacitor, master volume with treble bleed circuit and individual pickup volume controls.

Designed for the working professional, the **G6128T PLAYERS EDITION JET DS WITH BIGSBY®** is available in Black, Dark Cherry Metallic, Lotus Ivory or Sahara Metallic with nickel hardware. The Black and Dark Cherry Metallic finishes sport a silver pickguard, the Lotus Ivory comes with a charcoal grey pickguard and the Sahara Metallic features a tortoise pickguard.

---

An exciting new addition to the Streamliner™ Collection, the **G2215-P90 STREAMLINER JUNIOR JET™ CLUB** is a stylish workhouse that's ready to brawl.

Powered by Broad'Tron™ BT-2S bridge and P90 Soap Bar neck pickups, this Streamliner delivers tight lows with a throaty midrange that is harnessed and shaped by a master tone control, master volume control and three-way pickup switching.

Bound nato bodies with stunning Mint Metallic, Sahara Metallic and Single Barrel Stain finishes are complemented by effortless mahogany-stained necks that feature 12"-radius laurel fingerboards, elegant pearloid Neo-Classic™ inlays and 22 medium jumbo frets.

The **G2215-P90** also features an anchored compensated wrap-around bridge, gold Electro-style control knobs, cream pickguard and nickel hardware.

**ABOUT GRETSCH:** With roots in the past while maintaining an eye to the future—from the cavernous clubs of Liverpool to the main stage headliner at Coachella, Gretsch has been the voice of inspiration, personal expression and musical invention. It's no accident that the sound of a Gretsch has been heard loud and proud on some of the most pivotal recordings ever created. The instrument of choice for musical revolutionaries due to their rich, full sound, smooth playability and boldly classic visual style, Gretsch and rock 'n' roll have been—and always will be—inseparable partners.
