PREMIUM FEATURES INCLUDING EVERTUNE F6 BRIDGE, THE FISHMAN FLUENCE MODERN HUMBUCKER AND 24 JUMBO STAINLESS STEEL FRETS

HOLLYWOOD, Calif. (March 25, 2026) — Jackson today is partnering with Christian Andreu, the guitarist of the metal act Gojira, to release a new iteration of his signature series available in black with white bevels: **The Pro Plus Series Signature Christian Andreu Rhoads RR24 EVTN6**. Building upon his previous signature, the Pro Series Signature Christian Andreu Rhoads RRT, Christian Andreu collaborated with Jackson to create a guitar to withstand the demands of relentless performance. Built for the road, this signature empowers players to push the boundaries of sonic innovation.

"It started as love at first sight when I was 15, seeing the legendary Kirk Hammett wield this iconic shape. It was the most metal thing I'd ever seen, and I was hooked," said Christian Andreu. "Twenty years later, holding my first Jackson RR signature model turned that teenage dream into reality. And now, I'm even more excited to introduce my brand-new RR signature guitar. This instrument isn't just something I play live; it's an extension of who I am. It's also an honor to represent the first-ever RR model equipped with an EverTune bridge!"

With an unbelievably smooth neck, perfect balance and effortless playability, this guitar feels like it was built for me. I couldn't be prouder of how it turned out."

From their legendary 2024 Paris Olympics opening ceremony to stages across the globe, Gojira's groundbreaking blend of thrash and progressive elements has created a monstrous groove metal sound that captivates audiences worldwide. Christian Andreu's boundary-pushing approach to heavy metal aligns with Jackson's dedication to crafting premium instruments that unleash musicians' creative potential. Andreu's distinctive approach to heavy metal innovation comes to life through the precision-engineered Pro Plus Series Signature Christian Andreu Rhoads RR24 EVTN6. This signature model delivers the precision, power and sonic versatility that fuel Andreu's vision of empowering players to forge their own path in heavy music.

Key features include:

- **EverTune F6 bridge** – Essential for Christian's aggressive playing style and touring conditions, this bridge locks in perfect pitch.
- **Fishman® Fluence® Modern humbucker** – From Gojira's crushing high-gain aggression to articulate clean tones, players can flip the versatile 3-way mini toggle to access the three different Fishman voicings and watch genres crumble beneath their fingertips.
- **24 Jumbo Stainless Steel Frets** – To match Christian's dynamic playing style, the signature features 24 stainless steel frets on a lightning-fast 12"-16" compound radius ebony fingerboard, engineered so chunky rhythm riffs flow effortlessly into blistering lead territory.
- **Three-piece neck-thru construction** – Combines graphite reinforcement with alder wings that deliver Christian's earth-shaking tone.

"This Pro Plus Series signature is the culmination of everything we've learned about extreme performance," said Jon Romanowski, VP of Product, Jackson. "It's a precision-engineered instrument built to withstand the most punishing tour conditions while delivering the sonic brutality that defines Gojira's legendary sound. We're proud to collaborate with a groundbreaking artist who shares our commitment to creating instruments that unleash musicians' full creative potential."
