

EVH® ANNOUNCES NEW 5150III® 50W EL34 HEAD & EL34 212ST CAB

SCOTTSDALE, ARIZ. (October 24, 2017) – EVH is pleased to announce the release of the new 5150III® 50W EL34 head and 5150III® EL34 212ST cabinet.

Fans of the 5150III®S 100W EL34 head now have a more portable and affordable option with the same lethal looks and ferocious EL34 tone, along with new independent volume and gain control for all three channels.

The EL34 power tubes deliver signature harmonic overtones, with more dynamic compression and saturation that evoke a more modern “British” sound, all with the sustain and versatility expected from EVH 5150III® amps.

Channel one boasts a more sparkling and compressed clean tone, while channels two and three possess a slightly darker and compressed tone with even more saturation than before. Channels one and two each have dual concentric gain/volume controls with shared EQ (low, mid, high), while channel 3 has an independent EQ. Other features include a rear-panel resonance control that tailors low-frequency response for all channels and a global presence control.

Wrapped in an elegant gold and black EVH motif, the EL34 50-watt head also is equipped with an effects loop, headphone jack, pre-amp out and midi-in.

The new **5150III® EL34 212ST** cabinet is the perfect companion to the new 5150III® 50W EL34 Head with a matching black and gold motif.

This 50-watt, 16 ohm straight-front 212 cabinet features rock solid birch construction, Signature Celestion® G12H Anniversary Series speakers, EVH casters, head-mounting mechanism and tilt-back legs.

To experience the new 50W EL34 head in action, take a look at this product demo by guitarist Frankie Lindia >>> <https://youtu.be/5kukagQF7oQ>.

ABOUT FENDER

Since 1946, Fender has revolutionized music and culture as one of the world's leading musical instrument manufacturers, marketers, and distributors. Fender Musical Instruments Corporation (FMIC)—whose portfolio of owned and licensed brands includes Fender®, Squier®, Gretsch® guitars, Jackson®, EVH®, Charvel®, Bigsby®, and PreSonus® – follows a player-centric approach to crafting the highest-quality instruments and digital experiences across genres. Since 2015, Fender's digital arm has introduced a new ecosystem of products and interactive experiences to accompany players at every stage of their musical journey. This includes innovative apps and learning platforms designed to complement Fender guitars, amplifiers, effects pedals, accessories, and pro-audio gear, and inspire players through an immersive musical experience. FMIC is dedicated to unlocking the power of musical expression for all players, from beginners to history-making legends. In 2026, Fender celebrates 80 years of giving artists “wings to fly,” carrying on the vision of its founder, Leo Fender, and connecting players through a shared love of music.
