

CHARVEL® ANNOUNCES NEW PRO-MOD DK24 PT HH CM MODELS AND A PAIR OF LIMITED EDITION OFFERINGS

Scottsdale, Ariz. (July 17, 2019) – Charvel® today announces the all-new **Pro-Mod DK24 HH 2PT CM** models, as well as a pair of limited edition offerings with the **Limited Edition Super Stock Model 2** and **Limited Edition Super Stock SC1**.

Turning modern high performance on its head, the new **Pro-Mod DK24 HH 2PT CM** and **Pro-Mod DK24 HH 2PT CM QM** are brazen instruments for progressive guitarists searching for an unparalleled spectrum of sound.

Featuring a sculpted shredder's cut heel and a scalloped lower back bout for easy upper access to the fingerboard, the alder body in the classic Dinky™ style is paired with a graphite-reinforced bolt-on caramelized maple "speed neck." Its 12"-16" compound radius caramelized maple fingerboard features comfortable rolled edges, 24 jumbo frets, Luminlay® side dots, pearloid dot inlays and Graph Tech® TUSQ® XL nut.

Brimming with versatility courtesy of the mini two-way toggle switch for series and parallel, these axes feature an HH pickup configuration consisting of a direct mount Custom Seymour Duncan® Full Shred SH-10B bridge pickup and direct mount Seymour Duncan® Alnico II Pro

APH-1N neck pickup. The bridge pickup radiates a crisp top-end with low-end articulation, while the neck pickup has incredible range with soaring highs and silky lows.

Blending sophisticated style with assertive tone, the **DK24 HH 2PT's** also offer premium modern features such as a five-way blade pickup switch, Stratocaster®-style skirt knobs for the volume (with 500K EVH® Bourns® low-friction potentiometer) and no-load tone controls, heel-mount truss rod adjustment wheel, Gotoh® Custom 510 recessed tremolo bridge, locking tuners, chrome hardware and more.

The **Pro-Mod DK24 HH 2PT CM** comes in several new stage-stealing finishes — Gloss Black, Matte Blue Frost, Satin Burgundy Mist or Three-Tone Sunburst, while the **Pro-Mod DK24 HH 2PT CM QM** features a quilt maple top cloaked in a Chlorine Burst finish.

A tonal blast from the past, the **Limited Edition Super Stock Model 2** takes DNA from the original Model 2 from 1986-87 and melds it with modern enhancements.

The San Dimas®-style alder body of the **Limited Edition Super Stock Model 2** is shrouded in an original Skull and Bones graphic; ideal for the take-no-prisoners rocker. The graphite-reinforced bolt-on maple neck features a scarf joint and hand-rubbed urethane back finish, while the speedy 12"-16" compound radius ebony fingerboard has comfortable rolled edges, 22 jumbo frets and white dot inlays.

A single Seymour Duncan® TB-6 Distortion humbucking bridge pickup packs plenty of upper mid harmonics, ideal for classic rock 'n' roll or metal.

Simple yet fierce, this limited edition beast also includes a reverse Jackson®-licensed pointed 6-in-line headstock with Charvel logo, heavy knurled flat-top knob for the volume control, top-mount Floyd Rose® 1000 Series double-locking tremolo bridge system, die-cast tuners, black hardware, Charvel neckplate and more.

...

Old-school rock 'n' roll DNA gets supercharged in the all-new **Limited Edition Super Stock SC1**, a stylish and modified for high-performance tonal machine that's ready to conquer.

The **Limited Edition Super Stock SC1** comes loaded with plenty of classic Charvel attitude. Its So Cal-style alder body sports a heavy Black Relic finish that looks like it's been to hell and back. The bolt-on maple neck and pau ferro fingerboard have been distressed for that well-worn baseball glove feel.

Graphite reinforcement rods provide optimal stability for various climate changes, while the heel-mount truss rod adjustment wheel makes for convenient neck relief tweaks. Built for speed, the 12" - 16" compound radius fingerboard features comfortable rolled edges, 22 jumbo frets and cream dot inlays.

Tone bases are thoroughly covered with an HS pickup configuration consisting of an EVH® Wolfgang® humbucking bridge pickup and Seymour Duncan® SLSD-1N Li'l Screamin' Demon™ Strat® single coil-sized humbucking neck pickup. Topped with parchment covers, the EVH Wolfgang humbucker delivers sublime balance, while the Seymour Duncan SLSD-1N Li'l Screamin' Demon Strat adds plenty of open tone with a subtle hint of glass.

Sporting vintage style with modern tone, the **Limited Edition Super Stock SC1** also features a three-way toggle pickup switch, heavy knurled flat-top knob for the volume control, Floyd Rose® 1000 Series double-locking tremolo bridge system, die-cast tuners, top-mount output jack, Charvel neckplate, three-ply white pickguard, chrome hardware and more.
