

EVH® ANNOUNCES NEW LEFT-HANDED MODELS

SCOTTSDALE, ARIZ. (July 13, 2017) – EVH announces a new pair of left-handed EVH® Wolfgang® WG Standard models, which will be unveiled this week at the Summer NAMM Show in Nashville, Tenn.

The EVH® Wolfgang® WG Standard LH (Left Hand) boasts the same style and massive sound Eddie Van Halen created at a price the everyday southpaw musician can afford.

Offering many of the premium features as its more expensive brethren, the Wolfgang WG Standard LH has a basswood body with special “comfort cut” forearm contour for maximum playing ease, quilt maple top on transparent finish, two-piece bolt-on maple neck with graphite reinforcement rods to hold strong against the ravages of temperature and humidity, a convenient truss rod adjust spoke wheel at the base of the neck, and a speedy 12”-16” compound radius maple fingerboard with comfortably rolled edges and 22 jumbo frets.

Bridge and neck position EVH Wolfgang humbucking pickups are mounted directly to the body and increase resonance transfer, resulting in sustain for days on end. This axe is also equipped with two domed control knobs that have been dialed-in to Van Halen’s exacting specifications, including a smooth-feeling 500k volume pot that makes it easy to find a unique sound while retaining the crisp high-end sparkle of the EVH Wolfgang pickups. The EVH-branded Floyd Rose® Special bridge and R2® locking nut consistently stay in tune through the deepest whammy dives and horse whinnies.

Decked out for playing performance and comfort, the Wolfgang WG Standard is available in Transparent Black or Snow White. The Transparent Black model features off-natural body binding, a black headstock and black chrome hardware; the Snow White features black hardware and a black headstock.

Available in October 2017.

ABOUT FENDER

Since 1946, Fender has revolutionized music and culture as one of the world's leading musical instrument manufacturers, marketers, and distributors. Fender Musical Instruments Corporation (FMIC)—whose portfolio of owned and licensed brands includes Fender®, Squier®, Gretsch® guitars, Jackson®, EVH®, Charvel®, Bigsby®, and PreSonus® – follows a player-centric approach to crafting the highest-quality instruments and digital experiences across genres. Since 2015, Fender's digital arm has introduced a new ecosystem of products and interactive experiences to accompany players at every stage of their musical journey. This includes innovative apps and learning platforms designed to complement Fender guitars, amplifiers, effects pedals, accessories, and pro-audio gear, and inspire players through an immersive musical experience. FMIC is dedicated to unlocking the power of musical expression for all players, from beginners to history-making legends. In 2026, Fender celebrates 80 years of giving artists "wings to fly," carrying on the vision of its founder, Leo Fender, and connecting players through a shared love of music.
