

LATIN PERCUSSION® ADDS COMFORT TO THE CAJON WITH ALL NEW CAJON THRONE

**EASILY FITS ON ANY CAJON SURFACE TOP AND STAYS IN PLACE
WITH NON-SLIP RUBBER BOTTOM**

GARFIELD, N.J. (October 8, 2013) — Latin Percussion (LP) is proud to introduce a comfortable option for extended playing on any cajon, with the new cajon throne. Designed to support up to 300 pounds, the 10"-diameter LP cajon throne (LP1445) mounts quickly to the top of any cajon. The cajon throne rotates a full 360 degrees, allowing the player to easily transition between their entire percussion setup without moving the cajon. The padded seat on the cajon throne is covered with a removable and washable cover, and is mounted on a non-slip rubber base for added stability.

The LP cajon throne (MSRP: \$29.99) is available now at Authorized Latin Percussion Retailers.

"LP is always looking to the frontier of innovation," said Victor Filonovich, director of product for Latin Percussion. "The new cajon throne opens up new possibilities for playing angles and seating position for the percussionist."
