

EVH® ANNOUNCES NEW 5150III® 50S 6L6 HEAD AND MATCHING 5150III® 50S 212ST CABINET

Scottsdale, Ariz. (January 16, 2020) – EVH® today announces the all-new 5150III® 50S 6L6 Head and 5150III® 50S 212ST Cabinet.

The **EVH® 5150III® 50S 6L6 Head** is the perfect amp for players who want Ed Van Halen’s touring tone, arena volume and performance in a compact package. Three channels of road-tested sound work for any playing style—crisp cleans, chunky overdrive, tight distortion and searing leads, while newly added independent dual-concentric controls allow for gain and volume level matching.

Tweaked to meet Ed’s touring requirements, this 50-watt head delivers a full-spectrum of tone. Channel one powers crystal-clear clean tone; channel two features increased gain for greater sustain and is re-voiced for improved low-mid frequency definition; channel three also has improved range for the “low” control and oozes with increased liquid gain. Channels one and two each have dual concentric gain/volume controls, with shared EQ (low, mid, high). Channel three has its own gain, volume and EQ (low, mid, high) controls. All three channels also have global presence and global resonance controls.

The **5150III 50S 6L6 Head** is also loaded with seven JJ ECC83 preamp tubes, a pair of Shuguang 6L6 power tubes, switchable output impedance (4, 8 and 16 ohms) and an adjustable bias control.

Seductively dark in black textured vinyl with a dual black EVH striped steel grille front panel, the 50-watt stealth head also comes with vintage-style “chicken head” black control knobs, red lamp jewel, dual speaker output jacks, four-button footswitch, effects loop, direct out and molded plastic handle. A high-quality fitted cover is available as an EVH accessory.

The **EVH® 5150III® 50S 212ST Cabinet** is the perfect companion to the new 5150III 50W 50S Head, with matching stealth black chrome EVH logo badges.

This 60-watt, 16 ohm front-loaded 2×12 straight cabinet features rock solid birch construction and a pair of 12” Signature Celestion® G12H Anniversary Series speakers.

Wrapped in Black textured vinyl with woven grille cloth, the **5150III 50S 212ST Cabinet** comes with attached tilt-back legs, removable EVH pop-out casters and a head-mounting mechanism. A high-quality fitted cover is available as an EVH accessory.

ABOUT FENDER

Since 1946, Fender has revolutionized music and culture as one of the world's leading musical instrument manufacturers, marketers, and distributors. Fender Musical Instruments Corporation (FMIC)—whose portfolio of owned and licensed brands includes Fender®, Squier®, Gretsch® guitars, Jackson®, EVH®, Charvel®, Bigsby®, and PreSonus® – follows a player-centric approach to crafting the highest-quality instruments and digital experiences across genres. Since 2015, Fender's digital arm has introduced a new ecosystem of products and interactive experiences to accompany players at every stage of their musical journey. This includes innovative apps and learning platforms designed to complement Fender guitars, amplifiers, effects pedals, accessories, and pro-audio gear, and inspire players through an immersive musical experience. FMIC is dedicated to unlocking the power of musical expression for all players, from beginners to history-making legends. In 2026, Fender celebrates 80 years of giving artists "wings to fly," carrying on the vision of its founder, Leo Fender, and connecting players through a shared love of music.
