

FENDER® AND SQUIER® ANNOUNCE NEW MIKE DIRNT PRECISION BASSES

SCOTTSDALE, Ariz. (Aug. 21, 2013) – Fender, Squier and hard-hitting Green Day bassist Mike Dirnt join forces once again for the release of the **FENDER MIKE DIRNT ROAD WORN® PRECISION BASS®** and **SQUIER BY FENDER MIKE DIRNT PRECISION BASS**.

With original-era 1951 Precision styling, the **FENDER MIKE DIRNT ROAD WORN PRECISION BASS** offers an ash body in 3-Color Sunburst or White Blonde lacquer finish worn to perfection to simulate years of hard-played onstage glory.

Other distinctive features include a comfortable forearm contour, a volcanic custom vintage-style '59 split single-coil pickup, side-mounted output jack and custom Mike Dirnt neck plate. The maple neck has a thick "C"-shaped profile and a classic '51-style Telecaster® headstock shape, with a 9.5"-radius maple or rosewood fingerboard with 20 medium jumbo frets and black (maple board) or aged white (rosewood board) dot position inlays.

The upgraded **SQUIER MIKE DIRNT PRECISION BASS** is a way-cool take on an early '50s Precision Bass, designed to the oft-airborne Green Day bassist's own specifications, with a huge, gnarly punk-pop sound that effortlessly punches right through the thickest guitar attack.

Available in Black and Arctic White finishes, this new version sports subtle aesthetic changes with a newly-positioned neck plate star graphic, 4-ply Aged White Pearloid pickguard (Black model), and 3-Ply Tortoiseshell pickguard (Arctic White model).
