AND AIR NORTON 7™ NECK PICKUPS AND LUMINLAY® SIDE DOTS**

HOLLYWOOD, Calif. (July 16, 2025) — Today, Charvel is once again partnering with Angel Vivaldi to release a new version of his signature Nova™ guitar, the **Angel Vivaldi Signature Pro-Mod Nova-7 NAT** available in an elegant natural finish with gold hardware. Charvel collaborated closely with the New Jersey native to release a guitar that packs as much force as Vivaldi himself. With modern features, this versatile guitar is perfect for the modern shredder looking to take their sound to the next level.

Vivaldi's blend of spell-binding guitar anthems and tasteful yet virtuosic songwriting has amassed fans worldwide. Vivaldi picked up his first guitar at age 15, and has since spent nearly two decades honing his craft. His vivid artistry and discography of meticulously arranged instrumental-prog rock has earned him a reputation as one of the most celebrated, prolific guitarists of modern times and an imaginative force to be reckoned with. Recognizing his technical brilliance, Charvel – known for crafting high-performance tone machines for world-class musicians – partnered with Vivaldi in 2019 to introduce his

signature guitar, the Charvel Nova, and then expanded with various six and seven string models. Inspired by Vivaldi's explorations into Latin fusion, funk and acoustic works, the Signature Pro-Mod Nova-7 NAT equips players with the versatility to transform contemporary guitar sound without compromise.

"This Nova is eight years in the making and sports some pretty considerable upgrades that will really take things up a notch," said Angel Vivaldi on his new signature guitar. "The natural finish really reminds me that it just isn't a piece of gear, it's like this living breathing part of the creative process for me...it just feels free, no resistance, no restrictions."

This premium guitar features a modified Dinky® caramelized basswood body capped with a flame maple top and 3-ply body binding. Thanks to its sculpted heel, guitarists enjoy comfortable upper fret access while its tilt-back reverse 7-string licensed Fender® Stratocaster® headstock provides ideal string tension. Its 12"-16" compound radius maple fingerboard has comfortable rolled edges, 24 jumbo frets, cascading black dot inlays and a Gotoh locking nut. The bolt-on maple neck is custom-shaped to Vivaldi's preferences with graphite reinforcement, a silky-smooth satin back finish, Luminlay side dots and a heel-mount truss rod adjustment wheel.

Crafted to bring out the most unbelievably deep, full tones and rich harmonics, the HH pickup configuration consists of a DiMarzio Tone Zone bridge pickup and DiMarzio Air Norton neck pickup, both adorned with gold covers. Lastly, this premium modern guitar features a five-way blade pickup switch, dome-style volume and tone knobs, a recessed Gotoh GE1996T-7 double-locking tremolo bridge and Charvel-branded die-cast tuners.

"This collaboration allows us to merge Angel's signature playing techniques with Charvel's legendary craftsmanship, resulting in an instrument that serves both traditional and modern progressive players," said Peter Wichers, Product Manager of Charvel Guitars. "Angel embodies the virtuosic technique and forward-thinking approach that has defined Charvel for decades. His musical versatility, technical precision and innovative vision perfectly align with our commitment to creating instruments that push boundaries."
