

Gretsch celebrates Rich Robinson's rock 'n' roll legacy with new signature model

SCOTTSDALE, Ariz. (October 15, 2020) – Gretsch® is proud to honor the immensely talented Rich Robinson with the all-new **G6136T RICH ROBINSON SIGNATURE MAGPIE WITH BIGSBY®**.

Rich Robinson has been at the forefront of rock 'n' roll for nearly three decades, ever since his high school days when he co-founded The Black Crowes. Heralded as one of the best live rock acts, The Black Crowes went on to sell over 35 million albums and churn out several charting singles including "Hard to Handle" and "She Talks to Angels," which Robinson wrote the music for at the tender age of 15. Robinson continued to forge his indelible music legacy as the founder and guitarist for the Magpie Salute, whose 2018 studio album debut *High Water* learned instant critical acclaim, while also reuniting with his brother Chris for The Black Crowes *Shake Your Money Maker* 30th anniversary tour in 2021.

Summoning the light and dark of thundering tones, the **G6136T RICH ROBINSON SIGNATURE MAGPIE WITH BIGSBY®** pays homage to an artist who commands the utmost respect.

A veritable hollow body cannon, this signature Falcon-style guitar features a highly resonant 3-ply maple body with solid spruce top and 1959-style trestle bracing with a spruce block under the bridge, and oversized F-holes for explosive sonic projection and maximum feedback control. A 12"-radius ebony fingerboard with 22 medium frets and mother of pearl Neo-Classic™ inlays tops off a maple neck for playability as impressive as its style.

A TV Jones® Classic humbucking bridge pickup provides pristine highs and stout lows with balanced harmonics, while a Broad'Tron™ BT65 neck pickup drives the guitar's unique voice with a robust and punchy midrange and an uncommonly smooth high-end. The control layout— separate bridge and neck volume knobs, three-way position toggle switch, master tone and master volume with treble bleed circuit—allows for infinite tonal variations.

The **G6136T** is the epitome of style with a Raven's Breast Blue gloss lacquer finish, silver pickguard adorned with Magpie logo, silver sparkle body and neck binding and nickel hardware.

Other premium features include Grover® Imperial™ tuning machines, amber jeweled G-arrow control knobs, bone nut, Adjusto-Matic™ bridge with pinned ebony base and string-thru Bigsby® B6 tailpiece. A hardshell case is also included.

ABOUT GRETSCH: With roots in the past while maintaining an eye to the future—from the cavernous clubs of Liverpool to the main stage headliner at Coachella, Gretsch has been the voice of inspiration, personal expression and musical invention. It's no accident that the sound of a Gretsch has been heard loud and proud on some of the most pivotal recordings ever created. The instrument of choice for musical revolutionaries due to their rich, full sound, smooth playability and boldly classic visual style, Gretsch and rock 'n' roll have been—and always will be—inseparable partners.

ABOUT FENDER

Since 1946, Fender has revolutionized music and culture as one of the world's leading musical instrument manufacturers, marketers, and distributors. Fender Musical Instruments Corporation (FMIC)—whose portfolio of owned and licensed brands includes Fender®, Squier®, Gretsch® guitars, Jackson®, EVH®, Charvel®, Bigsby®, and PreSonus® – follows a player-centric approach to crafting the highest-quality instruments and digital experiences across genres. Since 2015, Fender's digital arm has introduced a new ecosystem of products and interactive experiences to accompany players at every stage of their musical journey. This includes innovative apps and learning platforms designed to complement Fender guitars, amplifiers, effects pedals, accessories, and pro-audio gear, and inspire players through an immersive musical experience. FMIC is dedicated to unlocking the power of musical expression for all players, from beginners to history-making legends. In 2026, Fender celebrates 80 years of giving artists “wings to fly,” carrying on the vision of its founder, Leo Fender, and connecting players through a shared love of music.
