

KAT® PERCUSSION ADDS TO E-KIT LINE WITH THE KT3 ADVANCED DIGITAL DRUM SET

BLOOMFIELD, Conn. (November 4, 2013) — KAT Percussion expands on its popular line of “kt” electronic drum kits with the KAT kt3 six-piece digital drum set. The kt3 features large 11" dual-zone white floor tom and snare drum pads, a larger 12" hi-hat cymbal, two 12" crash cymbals, and a 14" ride cymbal with an all-new bell trigger. The kt3 sound module is preconfigured with 550 studio-grade drum, cymbal, DJ, FX and percussion sounds, along with 45 preset drum sets. Another 25 slots are available for user-created drum sets for a total of 70 kits. New eye-catching red accents round out the kit with a great visual flair.

The MIDI sound card built into the kt3 module includes 100 play-along tracks that are fun and challenging to play. A wide variety of input options are available, such as mp3 players, iPods, smartphones, and tablets. As with every KAT kt sound module, the kt3 includes USB 2.0 and MIDI connectivity for expanded use with recording software.

“The new KAT kt3 is the latest advancement in our e-kit line,” said Mark Moralez, product manager for KAT. “The kt3 module was designed for everyone – from beginning players to the recording professional.”
