

PulteGroup Named One of the 2022 Best Workplaces in Construction™

PulteGroup, Inc. (NYSE: PHM) today announced it was honored as one of the 2022 Best Workplaces in Construction™, ranking #2. This is the first year that Great Place to Work® and *Fortune* have honored the top companies to work for in the construction industry.

“We are honored to be included on the inaugural Best Workplaces in Construction and are proud of the colleagues who make our organization great,” said Michelle Hairston, senior vice president of human resources at PulteGroup. “This recognition is a great acknowledgment of the investment that we have made through programs and benefits to support everyone in our organization.”

The Best Workplaces in Construction award is highly competitive and based on analysis of survey responses from over 25,000 employees from Great Place to Work-Certified™ companies in the construction industry. In that survey, 92% of Pulte’s employees said Pulte is a great place to work, 35 points higher than the average U.S. company. Great Place to Work, the global authority on workplace culture, selected the list using rigorous analytics and confidential employee feedback.

“These companies have adapted to the challenges of an ever-changing workplace by their commitment to inclusive, high-trust cultures where employees are treated as human beings first and foremost,” says Michael C. Bush, CEO of Great Place to Work. “Congratulations to the Best Workplaces in Construction.”

This recognition follows several other recent workplace achievements for the company. In 2022, PulteGroup was ranked #3 among PEOPLE’s 100 Companies that Care®, and named among Fortune’s 100 Best Companies to Work For® (#43) and Best Workplaces for Millennials™ (#33).
