

PulteGroup Announces Riverview at East Point, New Townhome and Condominium Community in East Providence

Waterfront living combines innovative designs with convenient access to Providence and local amenities; Sales to begin this summer

Waterfront luxury meets urban convenience as Pulte Homes unveils Riverview at East Point, a rare opportunity in Rhode Island's housing market. In a region where waterfront new construction is almost non-existent, this premier development brings 33 townhomes and two exclusive condominium buildings to East Providence's coveted riverfront. Nestled along the Seekonk River and just minutes from downtown Providence, Riverview at East Point promises to transform coastal living with innovative designs that maximize space and beautiful water views.

Located in East Providence, Riverview at East Point represents Pulte's continued expansion in the New England market. It brings its signature quality construction and thoughtful designs to the coastal Rhode Island region.

"Riverview at East Point offers a unique opportunity to own a new construction home in East Providence with stunning views of the Seekonk River," said Ashton Khoury, Vice President of Sales for PulteGroup's New England Division. "Our innovative floor plans are designed to maximize space and natural light, providing homeowners with the perfect blend of modern living and scenic surroundings. This community fills a significant need in the market for new construction homes that combine waterfront living with proximity to urban amenities."

Riverview at East Point will feature Pulte's consumer-inspired designs with customizable flex spaces to accommodate various lifestyle needs. All townhomes include first-floor owner's suites and attached garages. Condominium buildings feature single level living with elevator access and are located above a covered garage.

Townhomes offer approximately 2,300 square feet of living space, while condominium residences range from 1,027 to 1,582 square feet. All residences are designed for low-maintenance living, allowing homeowners more time to enjoy the community's amenities and the surrounding area.

Community features include access to Seekonk River and Omega Pond, proximity to Coastal Greenway walking trails and local parks, and scenic lookout points. Residents

will appreciate the quick commute to Providence (less than 15 minutes away) and easy access to major routes connecting them to the entire region. The community is minutes from downtown local shopping, dining, and entertainment options.

Riverview at East Point represents one of the few opportunities to purchase new construction homes in East Providence with water views, making it an attractive option for those seeking coastal living without sacrificing urban convenience. Sales are expected to begin this summer.
