# Pulte Homes Grand Opens Second Phase of Townes at Mill Street North

Pulte Homes announces the grand opening of the second phase at Townes at Mill Street North in beautiful Plymouth, Michigan. Building upon the tremendous success of the first phase, this new phase offers even more opportunities for residents to experience the benefits of low-maintenance living in a vibrant and connected community.

“We are excited to unveil the second phase of Townes at Mill Street North, following the overwhelming demand we saw from the first phase,” said Kevin Christofferson, president of PulteGroup’s Michigan division. “These 3-4 story townhomes offer modern design, functionality, and convenience, all within walking distance of downtown Plymouth.”

Starting in the upper-$400s, Townes at Mill Street North offers a unique blend of urban convenience and suburban charm. With two thoughtfully designed floor plans, the Sumter and Trenton, residents can choose from 3-4 bedrooms and 3-5.5 bathrooms in over 1,856 square feet of living space. Each home includes a 2-car alley-entry garage.

The Sumter’s open-concept design seamlessly connects the gathering room to the kitchen, creating a perfect space for entertaining. A full-length deck extends your living area outdoors. The Trenton’s flowing layout features a spacious gathering room that opens to a private outdoor deck, ideal for relaxation or hosting guests.

Residents at Townes at Mill Street North enjoy easy access to M-14, I-96, and I-275 and the community is also located within the highly regarded Plymouth-Canton School District.

Beyond the exceptional features of the townhomes themselves, residents at Townes at Mill Street North will enjoy a vibrant community atmosphere. The community boasts a walking trail near a natural area co-created with the Plymouth Pollinators, a local non-profit dedicated to protecting pollinator habitats. Pulte Homes worked closely with the Plymouth Pollinators to design a dedicated space featuring native plants, creating a haven for butterflies, bees, and other vital pollinators.

Interest in the second phase is expected to be strong, and potential buyers are encouraged to visit the model home sales center at 186 S. Mill Street in Plymouth or visit the community website at https://www.pulte.com/homes/michigan/detroit/plymouth/townes-at-mill-street-north-210368 to learn more.
